#1 Subject 1: **The END of Confusion, self-sabotage & regret**

#1 Unopened resend subject 2: **THROW THE BOOK OUT & succeed**

Hi, %FIRSTNAME%

Over and over again I hear: *"I've been working so hard..."*

*"I've spent sooo much money..."*

*"I've taken a ton of courses..."*

Stop beating yourself up! Other people's cookie cutter strategies won't always work for you!

It's confusing and annoying right? But when you're tapped into your own Intuition and learn to trust yourself, you can weed through all the chatter in the marketplace (and your inbox) quite easily.

When I knew I could no longer work a traditional 9-5 job due to disability, I was actively seeking support from all "the usual" places - the small business administration, small business development centers, popular books, webinars etc...

They all said the same things:

- Figure out your business plan...
- Study your market...
- You can only charge what the market can sustain...
- ...Blah, blah blah...

None of that resonated with me because it wasn't the RIGHT path for me.

I knew I needed something different that wasn't part of the cookie cutter approach.

## ***I had to Throw the Book Out in order to succeed!***

But to do that, I had to break through confusion, self-sabotage and regret, tap into my own Intuition AND learn to trust myself.

This led me to:

The RIGHT business coach, at the RIGHT time with the RIGHT strategy...  
FOR ME.

- **Help thousands of people a year**
- **Consistently bring in 6+ Figures**
- **Set my own hours**
- **Go to bed each night knowing I made a difference in the world**

**And I achieved all this without “grinding”, sacrificing time with my family or using sleazy sales gimmicks.**

I'm not bragging - I just want you to know what's possible for you when you learn how to tap into your own Intuition and trust it. .

#2 Subject 1: **Disabled? For Life?!**

#2 Unopened Resend subject 2: **Are you SICK of reading these emails?**

About 10 years ago, I was injured in a serious car accident. I was hit a total of three times, once head on. My entire body was corkscrewed...

**They told me I'd be disabled for life.**

I saw countless doctors, lawyers, specialists, surgeons... and they all said the same things:

- I would need multiple surgeries
- I would never work again
- I should collect social security
- I needed antidepressants, pain pills and household help for life

Thankfully, I didn't listen.

If I had, I would have probably wound up taking my own life - because disabled for life?!?! Depressing, right?!??

**Instead**, I chose to overcome confusion, self-sabotage and regret by tapping into my own Intuition and learning to trust myself.

This led me to:

**The RIGHT specialists at the  
RIGHT time with the RIGHT plan...  
FOR ME.**

These divine connections led my life down a completely different path than what all those other so-called "experts" had planned for me!

- **I'm now able to kickbox and do High Intensity Interval Training each week**
- **I have a successful business where I help thousands of people each year**
- **I do not take any pills and never took a dime out of my social security**
- **My husband and I are expecting our first baby!**

What a different ending to the story than what following those cookie-cutter strategies would have allowed me to experience.

**#3 Subject 1: I went grocery shopping and left with a husband.**

I grew up with a lot of abuse in a dysfunctional family. I never thought marriage was possible for me and I certainly didn't want what my examples portrayed.

Out of the blue, I decided that I wanted to get super fit and rock a traditional bikini body.

So I saw a fitness coach. (Hint: It was the RIGHT fitness coach for me.)

He helped me dig deep down into why I wanted that, what the true desire was.

And I was shocked!!

**I wanted to be strong and fit for my family. A family I didn't even know I wanted.**

The world tells you that when you meet the man who's meant for you, it'll be like a scene from a Disney movie. The birds, the music, and the hero who comes to rescue you.

The bad messaging just gets worse!

Make him chase you and play hard to get, if you're arguing, it's probably not a good fit...

**That's the world's cookie cutter strategy and that just doesn't work for me!**  
**And it probably doesn't work for you either.**

If I could have hand picked my future husband in advance, he would have been older, taller, he would be 7-figure-financially-secure and he would already have kids.

*My husband is none of those things!*

He is shorter than me, younger than me, has no kids, and was working at a juice bar when we met...*at the grocery store.*

**But in order to be with him, I had to break through fear, doubt and confusion, tap into my Intuition and learn to trust myself.**

No matter what fears, arguments or insecurities came up, my inner guidance system kept bringing us together. If I had listened to the books or YouTube gurus and followed their strategies, he would have headed for the hills!

**He was the RIGHT person, at the RIGHT time,  
that I met using the RIGHT strategy...  
FOR ME.**

All this led to my present reality!

- We've been happily married for XX years.
- We continue to do the work of growing together, even through our own insecurities.
- We support each other in our financial endeavors.
- We're growing our family and expecting our first child!

**I never even knew I wanted any of that, until it was the RIGHT time.**
